the figure of patients treated for 6 months or longer was 3357, and 1350 patients were treated for at least 1 year.

the country’s highest court has said that in some cases, punitive awards that amount to ten times a compensatory award would be acceptable.

turning to the young warriors who were squatted together, he said, “do not fear but let your hearts be strong”.

however, the act provides an exemption from coverage for any action in compliance with the ada which would violate the law of the foreign country in which a workplace is located.
